DID YOU KNOW?

Miracles In Sight is a non-profit, FDA-registered, and EBAA accredited Eye Bank established in 1951. We have facilities in North Carolina, South Carolina, and Texas. **The mission of Miracles In Sight is to support the restoration, preservation, and enhancement of sight through transplant, research and innovation.** We at Miracles In Sight want to welcome you to our first newsletter meant for surgeons, clinics, ASCs, and hospital OR staff. Our newsletter will highlight new service lines, upcoming events, educational programs, and collaborative efforts with fellow eye banks.

NEW SERVICE LINES AVAILABLE

Opticyte Amniotic Ocular Matrix

Used to treat mild to severe ocular surface disease and other corneal defects. It provides a barrier that supports cell attachment and ingrowth, and has shown minimal scarring during healing and re-epithelialization. [Learn more!](#)

Opticyte[™]
Regenerative Ocular Care

Vital Tears

Autologous serum eye drops (ASEDs), autologous serum tears (ASTs), or just serum tears are customized drops made from a patient's own blood to treat those suffering from ocular surface conditions. [Learn more!](#)

 **Vital Tears**[™]

Amphotericin B

At surgeon request, we will supplement storage media with amphotericin B, a widely used antifungal in ophthalmology, in a concentration that has shown to be safe and effective in in vitro studies. [Learn more!](#)

2022 Physician Leadership Program

The 2022 Physician Leadership Program brings together a class of 15-20 corneal surgeons, identified as emerging leaders, who are interested in working with their local eye banks, to learn more about eye banking and becoming involved with the EBAA.

We are very proud to announce Dr. Lara Newman and Dr. Ryan Mercer will be joining the program later this year.

Congratulations to you both!

Dr. Ryan Mercer

Dr. Lara Newman with her late father, Dr. George Rosenwasser

Dr. Newman with Mike Tramber, Vice President of Operations
